

ABOUT THE LOGIN PG

The image shows a desktop layout for a login page. On the left, a light blue sidebar contains the logo 'Students Resource System.' and a heading 'The centered hub for academic growth.' followed by a subtext about access to resources. On the right, the main white area has a 'Welcome back' heading, a prompt to enter details, and input fields for 'Gmail Address' (with placeholder 'yourname@gmail.com') and 'Password' (with masked characters '*****'). A 'Forgot password?' link is next to the password field. A dark blue 'Sign In' button is centered below the fields. At the bottom, a link says 'Don't have an account? Create account'. A footer in the sidebar reads '© 2026 Student Initiative.'

The above image shows the suggested not yet final login page of the student resource system and below is the responsiveness test on small screen devices

The image shows the same login page as above but scaled to fit a mobile screen. The layout is centered vertically and horizontally. The 'Students Resource System.' logo and heading are at the top. The 'Welcome back' heading and sign-in prompt are below. The 'Gmail Address' and 'Password' fields are stacked vertically. The 'Forgot password?' link is to the right of the password field. The dark blue 'Sign In' button is centered. The 'Don't have an account? Create account' link is at the bottom.

This is all for the login page real core data will be shared pa group pano I took this chance to design this kuti this shouldn't the thing we be focused on we have a lot to do.

ABOUT THE REGISTR.. PG

 **Students Resource System.**

Join the student network.

Set up your account and get access to localized notes curated by your class representative.

 **Verification Pending**

To protect platform integrity, your account will have a pending status upon registration. You will gain access once your class representative reviews and approves your account.

© 2026 Student Initiative.

Here the vision is that the student will register and wait for the rep (class rep) to approve him or her after the approval they can proceed to the login page more will be said on the group about this feature pali zambiri apa

ABOUT THE DASHBOARD

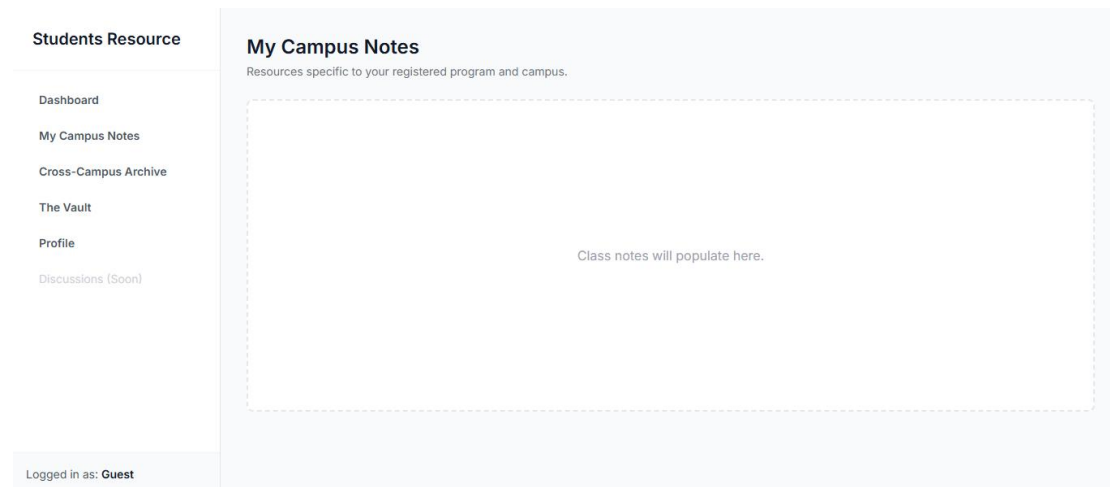

The above images shows the dashboard simple yet power-full hitting only the MVP of the system more to be said here hence we will talk on the group and below is also a test for responsive on small screen

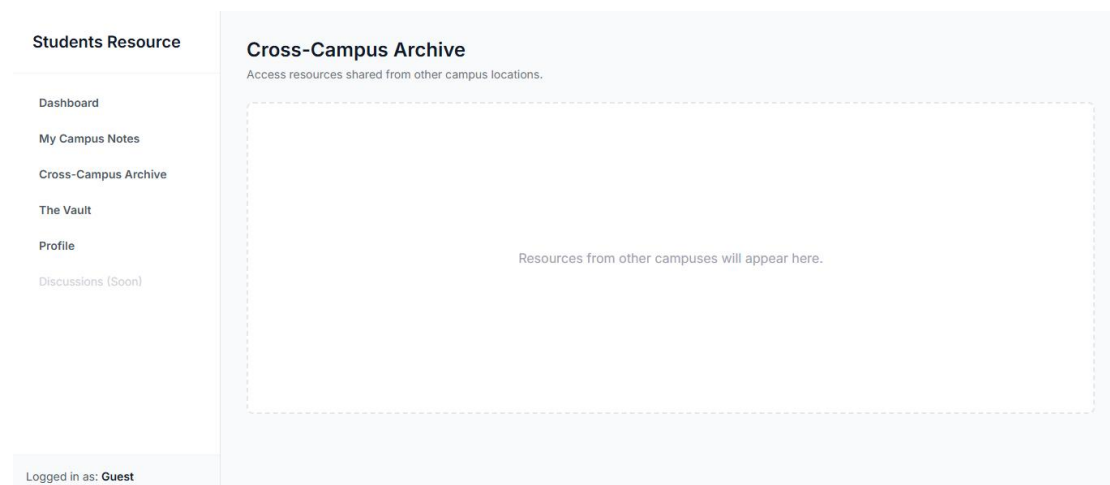

This is a demonstration of the slider on small screen devices

ABOUT MY CAMPUS NOTES TAB

The above image shows the my campus notes section of the system, here we will find our notes and resource more is to be said here hence we will talk on the group

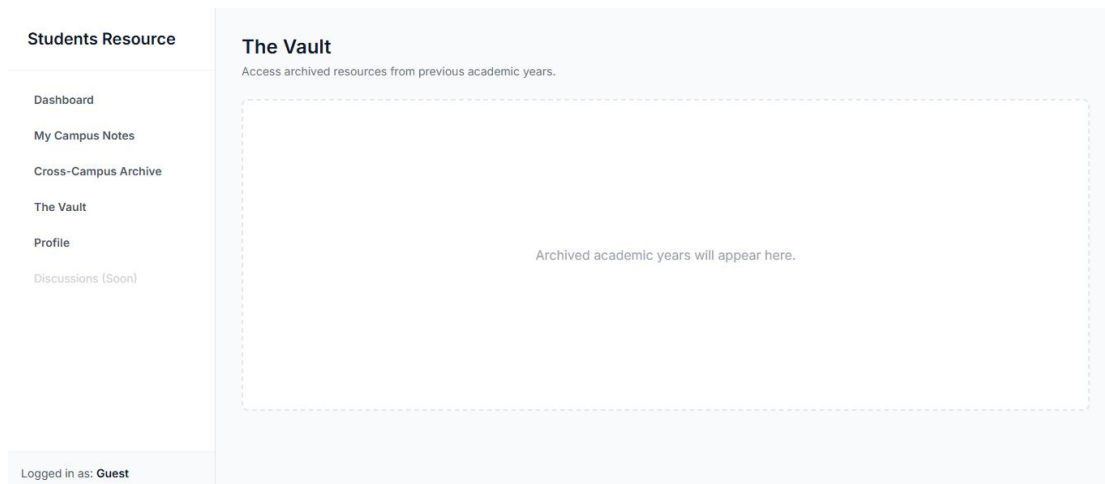

ABOUT THE CROSS CAMPUS ARCHIVE

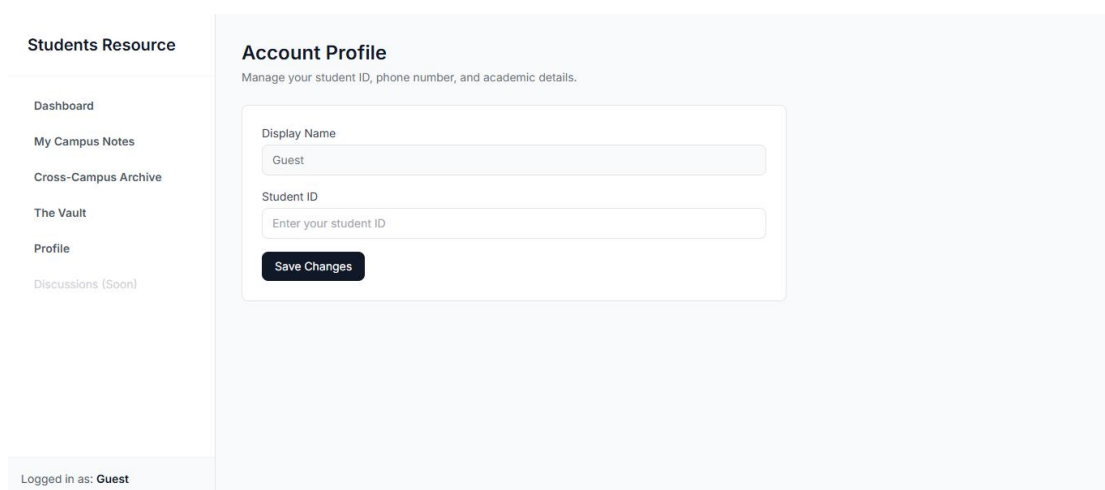

The image above shows a cross campus section of the system, this will solve the issue of different campus having different notes hence one can come here to look what their friend are covering on the other campuses again more to be said on the group

ABOUT THE VAULT

The vault acts as a safe house for reviewing the previous semester notes I know you may be saying aaaa mesa tamaliza semester and the system must eliminate those making room for new ones yes the system is actually eliminating them but not removing meaning what if you got a repeat crazy right you will need the same notes right hence you can just go to the vault and restore the notes you need below is the image of the vault section more to be said on the group

ABOUT THE PROFILE

The image above show the profile section here once is required to be updating the bio every time you switch semesters and year to help the system pull in the kind of notes you are intended to have and see again more to be said pa group

That's all I prepared for you guys. Thanks once again for choosing to be part of this amazing collaboration. Let's not hold back those ideas—let them pop up. Share even the smallest thoughts, because even the smallest minds can make a huge difference.
